

Interprofessional Healthcare Residential College

see blue. live blue.

Overview

The IHRC is a high-impact, living-learning program (LLP) designed for undergraduate students interested in pursuing a career in healthcare. Participants live together in a common residence hall, learn together via connected coursework, and participate in an array of co-curricular enrichment activities.

Student Profile

The IHRC is an active collaboration among multiple colleges on campus and is **open to any major**.

Apply Now

The UK LLP application is a part of your UK Housing application. The application opens September 1 and priority is given to those who apply early. Spaces fill quickly, so apply today. Don't miss your chance to be included!

Please note that the IHRC LLP is very competitive. To make yourself as competitive as possible, we encourage you to research and learn more here: www.uky.edu/housing/undergraduate/llp

Apply at www.uky.edu/housing

- College of Health Sciences • College of Pharmacy • College of Nursing
- College of Medicine • College of Dentistry • College of Public Health
- College of Communication and Information • College of Social Work
- College of Agriculture, Food and Environment

Residence Hall

IHRC participants all live together in the brand new Woodland Glen V Residence Hall. This residence hall is located on the newly-renovated south side of campus and conveniently located next to many campus amenities such as the library, classrooms, dining facilities, medical center, and the student gym.

Benefits

- **Belong:** Be engaged in a community of peers with common healthcare interests.
- **Succeed:** Increase your chances of greater academic success.
- **Lead:** Develop a portfolio of healthcare-related experiences that will enhance your leadership skills.

IHRC Connected Coursework

Examples include:

1. **Human Health Sciences (HHS 101)** – a survey of the healthcare professions led by practitioners.
2. **UK 101 or NUR 101** – academic and UK campus orientation with a unique healthcare bent.
3. **CIS 110, 111, or 112** – a required composition and communication class, also with a professional healthcare bent.

IHRC Co-Curricular Programming

Examples include:

- Service-learning opportunities with the Make A Wish Foundation.
- Formal networking/etiquette dinners with representatives from graduate and professional schools.
- Panel discussions on medical research.
- Guest lectures by President Eli Capilouto.

- College of Health Sciences • College of Pharmacy • College of Nursing
- College of Medicine • College of Dentistry • College of Public Health
- College of Communication and Information • College of Social Work
- College of Agriculture, Food and Environment
