

## College of Nursing Office Telephones

Our network and communications professionals with the Campus IT group provide the infrastructure, information, tools, services, and expertise needed to meet the evolving networking, telephony and video needs of the University community.

For any add, move, or change to an existing desk telephone within the college of nursing please email [consysaid@gmail.com](mailto:consysaid@gmail.com) for service.

For anyone with questions regarding cell phones they should contact Christie Henson with the business office.
