

The International Nursing Code

In the full knowledge of the obligation I am undertaking, I promise to care for the sick with all the skill and understanding I possess, without regard to race, creed, politics, or social status, sparing no effort to conserve life, to alleviate suffering and to promote health.

I will at all times respect the dignity and religious beliefs of the patients under my care, holding in confidence all personal information entrusted to me and refraining from any action which might endanger life and health.

I will endeavor to keep my professional knowledge and skills at the highest level and to give support and cooperation to all members of the health care team.

I will do my utmost to honor the International Code of Ethics applied to nursing and to uphold the integrity of the nurse.

Special thanks to the students and staff who made this ceremony possible

Delta Psi Senior Nurse Award
Baptist Healthcare Lexington Nursing Leadership Award
UK HealthCare Commitment to Nursing Excellence Award
College of Nursing Faculty Award

International Nursing Code

Nic Alford

Closing Remarks

Dr. Janie Heath

Parade of graduates

Instructions to be provided

The Pin

The first Dean of the College of Nursing, Dr. Marcia Dake, two faculty members and students from the 1964 graduating class were inspired by the sculpture that originally stood in front of the medical center. The sculpture, created by Amarigo J. Brioschi, formally called the Sculpture of Duality, is more commonly known as “the boomerangs.”

Dr. Janie Heath, the fifth dean of the College of Nursing, commonly describes the boomerang’s symbolism as “soaring high with excellence and staying grounded with values.”

To accept the nursing pin symbolizes that the graduate has earned the privilege to practice nursing and also accepts many responsibilities. The main responsibility, however, is the promise to the public to offer safe, quality care. To do this, the professional nurse must not only have adequate knowledge at this moment, but must continue to learn. The nursing pin communicates to consumers of nursing services that the professional nurse is competent, educated, knowledgeable and possesses professional attributes.

Congratulations Class of December 2020!

Wear your pin with pride!
